Board Member Jones spoke regarding the recycle bins located in the Wal-Mart parking lot. The bins have recently been removed and several people have called the Courthouse wanting to know why the County didn’t pay its bill. The bins were brought in by the recycling committee which has been established for years. The County gave a contribution to the recycling committee toward the cost of the bins, but was not responsible for the entire bill. Board Member Jones stated that she spoke with Marty Herman (chairman of recycling committee) and he informed her that the company which owns the recycling bins raised their rates without warning and the recycling committee chose not to pay the increase; however, the County had already paid its portion ($4,650.00) to the committee. Mr. Herman
stated that the recycling committee was researching other recycling vendors. He said if a new vendor could not be found the recycling committee would refund the $4,650.00 to the County.

Board Member Anseeuw asked Sheriff Staley if he could do a report about the County’s drug problem at the February meeting, specifically the number of meth arrests in the County. Board Member Sarabasa suggested that Sheriff Staley also report on the County’s “revolving door” offenders. Sheriff Staley stated that he would put together a report for the February board meeting.
